**JERSEY RENTAL ASSESSMENTS** For those players who received game jerseys, the jersey rental assessment fee has been added to your account. Please log into your family account and make a payment for that balance at your earliest convenience. **WAHL ASSESSMENTS (for those players rostered on a WAHL team 10U division and older)**

The initial assessments for participation on a CAHC WAHL teams have been applied to accounts (10U, 12U, Girls 19U, 14U and High School divisions). Please remember, these are *initial* assessments, not final assessments. Per CAHC policy, each WAHL team is responsible for their own expenses. We do an initial assessment in November to try to cover at least part of the expenses of the team. Each team's account is reconciled at the end of the season and additional assessments are done if total expenses exceed the amount of the initial assessment, or participant accounts are credited if the initial assessments exceed the total expenses.

Initial WAHL assessments are due no later than February 1, 2018. **Please also note for those who have a player participating on a CAHC Travel team, those assessments will be added to accounts soon. Initial Travel team assessments are due no later than February 1, 2018.** Instructions on how to access your account are attached and can always be found on our website at casperhockey.com under the News section. Thanks! club@casperhockey.com
