Subject: Coaching requirements for 2018-2019 season... homework deadline September 8th :)

To: bookkeeper@casperhockey.com

For all those interested in participating in a coaching role next season, USAH is now requiring coaches to have their USAH membership, background screening, SafeSport training and online modules complete prior to taking the ice. Please see the website at <http://casperhockey.com/application-registration/> for information on each of the requirements. If you are interested in coaching and are not sure what requirements you may need for next season, send a note and we will help you figure that out.

Thanks!

Diane
